Volunteer Spotlight

Mr. Doug Massey is the Outstanding Volunteer at North Windy Ridge this fall. Mr. Massey, a retired engineer, has volunteered 30+ hours per week in various North Buncombe schools for the past four years. The last three of those years, his focus has been with students at NWR to strengthen fact fluency using XtraMath and supplemental work with Khan Academy. In addition, Mr. Massey recently helped NWR win a \$500 grant which recognized student learning and growth through Khan Academy's LearnStorm math challenge!

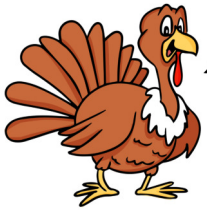

Mr. Massey expressed his gratitude to the teachers, students and parents for welcoming him into their school. He believes that by working together, North Windy Ridge can be the best public school in Western North Carolina!

COLOR RUN was a **HUGE** SUCCESS!!

Our Boosterthon Color Run was a success, generating a profit of **\$12,370.89** that will help fund teacher grants this year, and support the new playground equipment and nature trail that were just installed. The students enjoyed the event, and yes, they really were “dusted off” afterwards with leafblowers! Thanks to everyone who donated, to our corporate sponsors, to the volunteers, and to all the participants!

Did you know that turkeys have more feathers on one side than the other?
